Subject: Valleycrest - ROD Status

Dion,

Thanks for getting back to me on my question about EPA's progress towards issuing the ROD. From your voice message it sounds like you are getting close to wrapping up a draft of the ROD for internal management review. Also, you indicated that it would be helpful if I could provide you with electronic copies of several FS Report figures. That request shouldn't be a problem, but I'd first like to confirm that the list of nine (9) figures that I wrote down, based on your voice message, is correct. Here's what I caught:

1.1, 1.2 & 1.3
3.1, 3.2 & 3.3
4.2, 4.4 & 4.5

Let me know if I missed one, or wrote one of the figure numbers down wrong.

Mike
